3rd Quarter 2008

The Circus is Coming to Marysville

The Circus under the big top will be in Marysville on Monday, July 7, 2008 with performances at 5:00pm and 7:30pm. Lewis & Clark Circus with its jugglers, acrobats, clowns, aerialists, and animals is being brought to town by the Marysville Borough Parks and Recreation as a fund raising project.

The Marysville Borough Parks and Recreation has chosen Lewis & Clark Circus because it is a true form of family entertainment that the young and young at heart will enjoy. It offers you a chance to relive the days of your youth and to treat your children to the sights, sounds and fun of the Circus of yesterday.

The cost of the Circus is \$8.00 for advance tickets (15 and older) and free for children 14 and under with coupons from the Marysville Borough office, Marysville Borough Pool and local retail businesses. The cost on Circus day will be \$15.00 for all ages. Advance tickets can be purchased at the Marysville borough office, 200 Overcrest Road Monday - Friday from 8:00am to 4:00pm or at the Marysville Borough Pool from 12:00pm - 7:00pm.

So make your plans to attend the Circus on July 7th at the Marysville Lions Club back ball field area.

For more information regarding the Circus, please call the Marysville Borough office at 957-3110.

The owner of the property shall trim branches from any shade trees overhanging the streets and highways of the borough so that they will not obstruct the light from any street light, and so that there shall be a clear height of 14 feet above the surface of the street and 10 feet over the sidewalk. If any property owner shall neglect or refuse to trim any shade tree as required by this section, upon notice in writing by the Commission within the time limits specified in such notice, the Commission may cause such trimming to be done at the expense of the owner. (ordinance 291-section 10)

HOW DO YOU LIKE YOUR HEATING BILLS?

Too high? _____ Just right? _____ Too low(!) _____

If you chose "Too high", there are very likely several things you can do to trim them.

We offer a service that measures exactly how much airflow goes through your house, AND identifies where the major leaks are located.
