

Marysville Borough Sewer & Sanitation Committee
November 10th, 2011
8:00 AM
Minutes

Chair: Roger Barrick

Members: Ann Simonetti, Stephen Copp

Operators: Lonnie Sarver, Darrel Binkley

1. List of Sewer Plant issues

- Head works
 - Tideflex Valves
 - Distribution Box
 - Mud Valve
 - Exhaust Manifold Leaks
- Scheduling work
Ordered 10-13-2011
Reline pipe
Thanksgiving week

Scott reviewed the above line items and only the Tideflex Valve was discussed because of the river levels. The relining of the pipe is next on the agenda.

2. #1 Lift Station Reline Pipe

(review proposal's) Scott presented the proposal's and told the committee that Lonnie Sarver and himself would be going to a meeting next week on Wednesday the 16th so watch the insulation process and understand it better before we bring it into the borough. Roger said he would be interested in going along to the meeting. This line item will be tabled until at least next month due to attending the meeting.

3. The lower interceptor will need cleaned as soon as it dry's out.

The committee asked to get prices on this before going ahead with the cleaning. Lonnie Sarver will try to get these quotes for council meeting.

4. Grinder Pump

Scott will try to have the three quotes for council meeting.

5. Contract Services for Main Pumps

Still getting the three quotes that was directed from last council meeting. Lonnie Sarver will also handle this.

6. Sewer Rate Change

(Pennvest Letter Dated 11/02/11)

The finance and sewer committee is recommending taking to council, to raise sewer rates to \$65 per month and 195 per quarter. The committee recommended going to monthly billing for all users.

Scott is to write to Pennvest and answer there questions after Monday's council meeting.

Next Meeting Thursday, December 8th, 2011 @ 8:00 am
