

Marysville Borough Sewer & Sanitation Committee
March 2, 2015
5:45 PM
Minutes

Chair: Steve Copp Members: Allen Metzger, Larry Little

Operators: Lonnie Sarver, Darrel Binkley

1 Pump Station #1

Scott reported that everything is working well here now that a transfer switch was found to be faulty and will be replaced. Plan are to continue to look at upgrading this pump station with the proper size equipment.

2. Line Cleaning

The committee approved to place on council agenda to contract USG to clean the line as quoted.

3. Discussion Regarding Home Business Sewer Rate

Scott started the discussion with the regard that the office staff doesn't know which way to go with the home business rates and who should have it and who shouldn't have it. With the help from Kim and Scott they were able to point out some of the issue with the system that was in place now. After much discussion the committee agreed to look at Water Consumption Billing. The committee asked the staff to put together the information for next month's meeting.

4. Nutrient Credit Trading

The committee wants Scott to look into this line item again. Scott has the information and will check to see what all needs done to move forward.

Next Meeting Monday April 6, 2015
