**1. Punch List Sewer Project**

This item was tabled until the weather improves.

**2. Chapter 94 is complete and being reviewed**

Scott said the Chapter 94 has been completed in house and we saved money by doing this. Most municipalities have their engineers complete the Chapter 94. The Chapter 94 will be reviewed by Pennoni before it's submitted to DEP.

**3. Info only (Electric use under budget 2013 by \$25,928.62)**

**(Electric use difference from 2011 by \$51,000.00)**

**Trying to get to \$50,000 in 2014. Quite the savings in three years.**

The committee discussed the savings and thanked everyone for doing their part. At that time the committee started looking at other places where we have saved money and where we could save additional money if certain changes were made.
