

Marysville Borough Sewer & Sanitation Committee
June 3, 2014
5:45 PM
Minutes

Chair: Steve Copp Members: Allen Metzger, Larry Little

Operators: Lonnie Sarver, Darrel Binkley

1. Punch List Sewer Project

Scott informed the committee most everything is complete except the restoration of the lawns south of Chestnut Street.

2. 2 Pumps to 1 Pump (water supply for press belt)

After discussing and weighing the pro's and con's, the committee recommended to place this line item on the council agenda.

3. Time to Think About Next Project

There was discussion about the upcoming project. Frank Boyer asked the committee the plans are for Verbeke and State Road. The committee and Scott explained to Frank we are not far enough in the process to know where the new sewer lines would be placed. The committee told him to save his money and do the installation of new sanitary sewer line.

4. Perry County Solid Waste (rep)

The committee thought it would be best to have Scott Weaver and Lonnie Sarver represent the Borough.

5. Ritter's Sewer Blockage

After discussion, the committee would like this line item placed on the work shop agenda.

6. Stone Wall at Cassell Street

The committee discussed what can be done with the stone wall to repair it. After much discussion and a few avenues to take, the committee asked Scott to contact Vo-Tech to see if they can do the work if we supply the materials.

Next Meeting Tuesday July 8th, 2014
