

Marysville Borough Sewer & Sanitation Committee
August 3, 2015
5:45 PM
Minutes

Chair: Steve Copp Members: Allen Metzger, Larry Little

Operators: Lonnie Sarver,

1. Water Consumption Billing

Scott reported Connie will come to next month's meeting to talk about the billing.

2. Sewer Main and Laterals

Scott reported the changes to the ordinance last year were not what we thought they were and it works out best that the changes would not have been made. The home owner is still responsible from there residence to the sewer main. The borough is only responsible for the sewer main.

3. Looking at a way to clean out one of the SBR's

After much discussion the committee agreed to follow what Lonnie's direction would be and to hold off cleaning the SBR's until the final sewer separation is completed. Figuring that once the separation is complete the sewer system would be a closed system and that we should not get the debris from the combined system.

Chairperson Steve Copp asked Scott when he would be receiving his operator's license. Scott was not sure. Steve asked Scott to let him know when he receives it.

Next Meeting Tuesday, September 8, 2015
