

**Marysville Borough Sewer Committee**  
**March 8, 2007**  
**9:00AM**  
**MINUTES**

1. Rockville Estates

Take off the April agenda.

2. WWTP/Sewer System Operations & Maintenance

- Kings Highway –  
Phase II with wall replacement is ready to bid.

Brian will contact Lu Hocker to see what the status of the easements is. Once the easements are executed, they will be forwarded to Dan Altland and Tammie Myers. Brian will also contact Omar Syed regarding owner's responsibility of maintaining the wall.

3. Sewer/Storm Drainage System/Problems

- Rockville Estates – Sewer system upgrades being addressed

Take off the April agenda.

4. 603 Lansvale – Roto Rooter (This info was included in Fin. Comm. Members packets) – See Attached

Finance Committee agreed recommending to Borough Council to pay half of the bill (\$301), this time only. John indicated that we should put an ad in the next newsletter directing residents to contact the borough first when they have sewer complications. Brian indicated that he will change the general message and give his cell phone for any borough emergencies.

5. Grinder Pump-Replacement at 11/15 Pump Station

Brian explained that the alarm was a result of one of the grinder pumps not working due to grit in the pump. Committee recommended replacing the old pumps and purchasing new pumps. The committee expressed concerns regarding the maintenance and cleaning of the wet well. Brian will speak with Denny and Jim and comment at the next council meeting. See attached emails

6. Donald Palmer – Reduce sewer / garbage rate to residential from commercial.

The committee agreed that it would be appropriate to reduce the rate to residential since Mr. Palmer is our tax collector and serves a civic duty. Brian will have Kim change the account, and Ann will notify the resident.

7. Myron Lebo

It was agreed upon to freeze the interest accruing upon receipt of the letter from the divorce attorney.

Respectfully Submitted,

Brian D. Harris

**Next Meeting Thursday, April 5, 2007 @ 9:00 am**
