

**Marysville Borough Sewer Committee**  
**June 7, 2007**  
**9:00AM**  
**MINUTES**

**1. Rockville Estates Sewer Design**

Brian explained the proposed sewer layout for Rockville Estates and expressed the concern of accessing Norfolk Southern property if needed. Brian informed Jim Cieri of Act One Consultants that DJMJ Harris out of Philadelphia handles all entry and access issues for Norfolk Southern. Once Act One has a sketch plan of the layout, Jim will set up a meeting between all the parties.

**2. Method for Past Due Accounts**

Brian discussed filing regarding the Marysville Diner and Frank Skirpan. Brian will continue to file with the District Justice on anyone who does not make a substantial effort to reduce their sewer bills.

**3. Norfolk Southern**

This item was discussed under Rockville Estates Sewer Design

**4. Patrick and Paula McCarthy – 310 Maple Sewer Adjustment**

The committee agreed that the borough should credit the account since it has been vacant since September 2006. The first invoice was at the vacant rate, however, subsequent bills were at the regular rate.

**5. Commercial Trash – Nothing to discuss**

**6. Monthly Sewer Bills – Nothing to discuss**

Respectfully Submitted,

Brian D. Harris

**Next Meeting Thursday, July 5<sup>th</sup>, 2007 at 9:00am**
