

Marysville Borough Sewer Committee
July 5, 2007
9:00AM
MINUTES

1. Frank Boyer

Committee determined that an additional grinder pump would need to be installed at the owner's expense if he decides to convert his garage into an apartment. In addition, he would need to pay the connection fee and tap-on fee. Brian will contact Frank and also send him a letter.

2. Gabion Wall Invoice

Committee instructed Brian to check the plans to see if there is a disclaimer of liability. If so, the committee is not in favor of paying the outstanding balance of the invoice. The committee also instructed the Brian to contact Tammie to see if they are willing to reduce the invoice.

Respectfully Submitted,

Brian D. Harris
