

**Sewer Committee Meeting Minutes**  
**December 6, 2007**  
**9:00 AM**

1. Resolution No 214

Resolution No. 214 was discussed thoroughly and Sherree Knight volunteered to update the spreadsheet. The main issues were disparities in classification of commercial business and also the home occupation rate being higher than commercial one business. Sherree is going to make proposed changes and make a recommendation to the sewer committee in January.

Respectfully Submitted,

Brian D. Harris

**Next Meeting January, 2008**
