Minutes

Chair: Roger Barrick

Members: John Edkin, Allen Metzger

1. Pot hole repair. Scott is looking at some information about a new machine that repairs pot holes. More information will be provided as received.

2. Funk Aisle Discussion about the road heaving up in the middle and some cars are dragging on it. Scott will look into this but the real fix is to grind the road and resurface.

3. Sidewalks Ann Simonetti mentioned that she had people complain about the sidewalks and how bad of shape some are in. After some discussion John Edkin said it would be best to hold off repairing them because of the proposed sewer separation and what that's going to do to many portions of sidewalks.
