

Marysville Borough Streets Committee
April 8, 2014
5:00PM
Minutes

Chair: Allen Metzger Members: Dave Magee, Lance Barthel

Maintenance Men: Robert Laman, Ken Miller

1. Curb and Storm Inlet Repair

Scott informed the committee that he and Greg Rogalski drove the construction area and listed the concerns. The committee members discussed the list of concerns with the construction area and gave their feedback. Greg is to contact Wexcon to have the list addressed. Scott will give feedback at the next committee meeting. We will order two handicap grates for Cameron and Lincoln Streets. We will also contact Drive Core to cut the curb at Hammaker's Garage.

2. Ordinance 410 (Use of sleds, scooters and skateboards)

The committee discussed the ordinance and its value to the borough. The committee asked Scott to contact PSAB to see if they have a sample ordinance on file. Scott is to report back at the next committee meeting.

3. Paving Plan 2014

Scott informed the committee milling and paving may start as early as the week of April 21st. Scott is waiting to hear from Pennsy Supply so he can contact all the local business's and post the streets for no parking.

4. US11&15 Improvement Package 11-7 / 11-A (discussion)

The committee discussed the project and how it will impact our borough and streets. Scott informed the committee he and Steve Copp attended the task force meeting and this project was discussed at the meeting.

5. South Main Bridge

Scott and Greg Rogalski inspected the bridges prior to the committee meetings. Greg had some ideas how to make some quick temporary fixes before the rock slope project starts. Scott stated the south main bridge was a large part of the task force meeting. Steve Naylor will be attending the HATS (Harrisburg Area Transit Service) meeting in April to try have the bridge pushed up on the list for replacement. Scott and a committee member will plan to attend the meeting to voice their opinion of the south main bridge.

Next Meeting Tuesday May 6th, 2014
