

Marysville Borough Sewer Committee
February 7, 2008
8:00 AM
MINUTES

1. Resolution 214: Draft

Brian and Sherree presented the committee with a draft of Resolution 214. Brian asked if the committee if they can review the spreadsheet prior to the March committee meetings.

2. Square memo from Ron Brown

Brian presented the memo from Ron Brown regarding the options for the square project. It was suggested that the scope of the project can be reduced so that the revitalization can occur independent of the sanitary sewer separation in that area. Ron Brown will attend the work session to further elaborate on the memo.

3. News article

The Committee discussed the Chesapeake Bay Mandate and whether or not to join the Capital Region COG legal fight for \$500. The committee agreed to make the recommendation to council to join for \$500.

4. Trout Run

The committee directed Brian to have Dan move with the easement process. Brian spoke with Dan and Dan indicated that as soon as we have a firm scope of work, he will pursue Chadagas for the necessary easement. Ron Brown indicated that the general permit through DEP will require a hydrology study that will take between 150-200 hours of engineering. Both Dan and Ron plan to discuss the issue at the work session prior to the council meeting.

Next Meeting Thursday, March 6, 2008 @ 8:00 am
