Minutes

1. Park Drive pot holes near Specialty Baker's.

Brian indicated that the pot holes on Park Drive in front of Specialty Bakers were cold patched temporarily since the holes increased substantially. Ann indicated that we consider implementing an Annual Permit Fee for trucking companies that frequent Specialty. Ann will post on the township discussion group to obtain additional information regarding this.

2. F-250 Plowing Accident

Brian explained the minor accident that Jim Williams was in. No damage was done to the borough vehicle, however, minor damage was done to the rear passenger door of the other vehicle. Brian spoke with Tom Troutman and when we get an estimate for the work we will decide the best course of action to handle it.

Respectfully Submitted,

Brian D. Harris
