

Marysville Borough Streets Committee
June 7, 2007
7:00AM
MINUTES

1. Tom Bowers – Bittings Alley

The poor condition of Bittings Alley was discussed. The committee agreed that Brian should assess the condition of Bittings Alley, Park Drive, Kings Highway, and Maple Avenue and determine prices for each street. It was determined that Bittings Alley would need to be milled before being repaved.

2. LTAP

The committee discussed the exposed pipe at the intersection of Linden Avenue and Spruce Street. Brian contacted Jeff Black Excavating to assist us with trenching and digging. If Jeff agrees to work on an hourly basis with us, we will also use him on the Kings Highway project.

Respectfully Submitted,

Brian D. Harris
