

Finance Committee Minutes
March 9, 2015
4:30 PM

Chair: Dave Magee Members: Allie Snyder, Larry Little

Treasure: John Tennant
Administrative Assistant: Kim Charles

1. Engineering for Paving Streets

After some discussion the committee approved to place this line item on the council agenda for approval. We do not want to hold up the project.

2. Sewer Separation (Engineering and Project for 2017,2018)

The committee and others discussed ways to preserve monies to use for the engineering of the project. The Borough will most likely will have to go out for a loan on the project. Further discussion to add the natural gas lines when the sewer separation is under construction, so the roads only have to be torn up once.

3. 2016 Budget

The committee had a couple questions on some line items. Scott will get those answers for the council meeting.

A lengthy discussion on the future of our sewer plant and infrastructure and how to defray the costs. As Dave put it, its food for thought.

Next meeting Wednesday, April 6, 2016
