1. Sewer Separation Project, Bidding for Project (January)

Dave Magee suggested using a third-party inspector for the sewer and streets projects. The committee agreed to look into the third-party inspector.

Scott informed the committee that everything is coming together for the project and we should have no problem with it going to bid in January.

2. MS4 Permitting

Scott informed the committee that there was a few questions about the MS4 application and our engineers have answered them.

3. Refuse Contract

Scott asked the committee if they would like to put the refuse contract on the agenda for advertisement and to reconvene the council meeting to the end of August to award the bid. The committee after some discussion and would like to use the last year of the contract in place and be ready to bid early next year.

4. Cam Spray (Flusher Trailer)

Scott informed the committee that the advertisement went out three weeks ago and we have received three bids to date. The bids will be opened at the council meeting on Monday.

5. Street Sweeper

The committee continued a discussion with the sales people from Bortek Industries about the sweeper and what it can do for us. Discussed the cost and financing as well.
