

**Marysville Borough Sewer & Sanitation Committee**  
**March 6, 2017**  
**5:30 PM**  
**Minutes**

**Chair: Steve Copp    Members: Allen Metzger, Larry Little**

**Operators: Lonnie, Peter**

**Long Term Planning:**

Flusher trailer

**1. Sewer Separation Project**

Scott presented a set of draft drawing from Pennoni to the committee for review. Scott showed the committee what we (Lonnie, Pete, Scott) think is the best avenues to move forward on. Scott also commented on the houses that we do not know yet on the direction of their laterals and that we will need to do some dye testing to find this out. Those tests will be done this week if possible. Scott reported that a once all of these tasks are complete that we will meet with our engineers to help finalize the plans.

**2. MS4 Permitting**

Dave commented on using the Lions Club ponds as a staging area for our direct run off of the storm drains. Scott said that I don't know if we are that far along in the process to need that area but if we would that that would be the first to look at.

**Next Meeting Monday, April 3, 2017**
