

Marysville Borough Sewer & Sanitation Committee
April 3, 2017
5:30 PM
Minutes

Chair: Steve Copp Members: Allen Metzger, Larry Little

Operators: Lonnie, Peter

Long Term Planning:

Flusher trailer

1. Sewer Separation Project

The committee combed over the plans that Greg Rogalski our engineer presented. After the sticker shock wore off the discussion continued with the plans. Greg explained the entire project and commented that Lonnie and Pete we're helping with good information for the project. The new camera system will save a lot with the project. Greg said it would pay for itself a couple times over. The committee told Greg they would like to move forward with this project in 2018 as long as we can secure the financing. Greg will move forward with the permitting process now since it take a while when you're dealing with the state.

2. MS4 Permitting

Greg stated what we are doing with the streets project and the sewer separation project will take care of the upgrades that would be required.

3. Envirep Annual Preventive Maintenance (\$2,180)

The committee approved to move this line item to the finance committee.

Next Meeting Monday, May 1, 2017
