

**Marysville Borough Streets Committee**  
**January 3, 2017**  
**5:00PM**  
**Minutes**

**Chair: Lance Barthel Members: Dave Magee, Allen Metzger**

**Maintenance Men: Robert Laman, Ken Miller**

Long Term Planning:

Streets (Lincoln from Front to Cameron, Kings Highway from hill to corner, bridge to Park, Park and Ridgeview Drives, South Main from Mill Ave south to Borough line, Overcrest from Valley to Front, Front Street from Broad to Greenbriar, Leonard Street, and all alley's)

Scott is asked to call East Penn to see if they plan to pave River Road and if so to see if we could piggy back on with them to do some of South Main Street.

Scott is to contact Senator Desanto's to see if he can help out with the repair to South Main Street from the Rock Fall Project. Also Scott is to contact Mike Krizer from Penn Dot about the same issue.

Trucks/Equipment:

2009 Dump replacement in 2018

Skid Loader replacement in 2019

2014 Dump rechassis replacement in 2020

Some discussion on the replacement of vehicles and equipment with action taken.

**1. Sewer Separation Part #2 (street restoration)**

The committee added this area with the Long Term Planning and discussed the amount of funding all the remaining street would take to complete. Figures were bounce around of 4 to 5 million to complete the town.

The committee asked Scott to find out how much or what percentage of the liquid fuels monies can be used for debt reduction if council would get a loan for the paving.

**2. Parking on Ridgeview Drive**

This subject has come up again after the residence on Ridgeview Drive stated in a meeting a couple years ago that they would keep their vehicles

off the street when at all possible but mostly when it snows. Well after the first snow of this year, there were 19 vehicles on the street that had to be plowed around. The committee now wants to revisit the no parking on the south side of the street. Plus with all the vehicles on the street and the street being narrow it would be very difficult to get emergency vehicles through in an emergency.

**Next Meeting Monday, February 6, 2017**
