

Marysville Borough Streets Committee
March 6, 2017
5:00PM
Minutes

Chair: Lance Barthel Members: Dave Magee, Allen Metzger

Maintenance Men: Robert Laman, Ken Miller

Long Term Planning:

Streets (Lincoln from Front to Cameron, Kings Highway from hill to corner, bridge to Park, Park and Ridgeview Drives, South Main from Mill Ave south to Borough line, Front Street from Broad to Greenbriar, Leonard Street, and all alley's)

Trucks/Equipment:

Skid Loader replacement in 2018

2009 Dump replacement in 2019

2014 Dump re-chassis replacement in 2020

1. Ridgeview Drive and Park Drive Project

The committee discussed moving forward with this project if we can get the low interest rate from the state. The committee also agreed to place Funk, Beers, and Mill Avenue parking lot on the bid as an option. Along with the previous option the committee also wants to add the connection of Ridgeview Drive. Dave stated if the connection of Ridgeview Drive was too expensive that we could change the name of the western portion to West Ridgeview Drive. This would help with dispatching of emergency services.

2. Mill Avenue Parking Area

This line item was added to the first line item.

3. Street Light Change

Steve Copp asked the question of what committee would be in charge of the street lights. It was agreed that the street committee would be. The committee asked Scott to look into what it would take to change from the old lights to the newer white lights. Scott will contact PPL and will place this line item on the council work shop for further discussion.

4. Scott was asked to contact the fire company to wash down the Subway.

Next Meeting Monday, April 3, 2017
